

Certified Test Results from Mexico

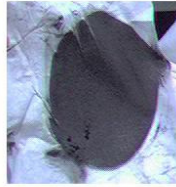

RESULTADOS CERTIFICADOS POR NOTARIO PUBLICO No.
EN TRACTO CAMION CON MOTOR A DIESEL MARCA CUMMINS MODELO 1990

ANTES DE USAR RYDEN®
Rendimiento 2.0 km / lts de diesel
Gasto de Aceite en 1000 km 4 lts

These tests were certified by a Notary.

Below are the results of a cloth held on the exhaust pipe for 1 minute of a 1990 Truck with a diesel Cummins Engine before Ryden was added.

This truck at the time of this test was getting 2 kms per liter of fuel and using 4 liters of oil for every 1000 kms

DESPUES DE 5,000 Km DE RECORRIDO

Rendimiento 2.5 Km / lts de diesel
Gasto de Aceite en 1,000 Km 1 lts

Below are the results after 5000 kms of using Ryden. The same test was performed on the exhaust pipe and now this truck is getting 2.5 kms per liter a 25 % increase in fuel economy and is only using 1 liter of oil per 1000 kms, a 75% oil savings.
